Bbc radio 4 the archers.

They are broadcast on BBC Radio Four every day from Sunday to Friday at 7 pm. And they are repeated the day after two in the afternoon - except on Saturdays. In the UK: The Archers is on BBC Radio 4 (92.95 FM and 198 LW). You can then keep it forever and listen to it when you want, straight from your computer or by downloading it to a portable audio device such as a mobile phone or mp3 player. The verdict has come for Berrow. His cousins Pat and Tony Archer grow organically at Bridge Farm. At the opposite end of the farming scale are well-off Brian and Jennifer Aldridge at Home Farm, which is the largest in the village. That boy who lives there is Brian's son from a torrid affair. You can also listen online, or get the program uploaded to your computer on a podcast. It is available daily or as a full edition. Subscribe or download The Archers Daily podcast. Subscribe or download the Archers omnibus podcast. In Continental Europe: Radio 4 Long Wave on 198Khz can be received in many parts of northwestern Europe. The ground children of the Grundys are particularly valuable, both for the scratches they receive and the fact that Emma Grundy is not Ed's wife, as one might think, but the ex-wife of Ed's brother Will. The Archer family is related to the Aldridges, and several other Ambridge families, including the Hebden Lloyds - she runs an equitable school and he is a veterinarian. Once David had reason to regret employing a handsome cowboy, but they are quite stable nowadays. Online: Like most BBC Radio 4 programmes, The Archers is simultaneously broadcast online and you can listen to any episode of the last seven days via BBC Sounds. Podcast: The programme can be uploaded to your computer free of charge. Also see "Rest of the World." In the Rest of the World: The Archers is broadcast by radio stations of the British in various countries around around Er'uy TCEPXE i, WON YB. WELS Oh Prehwaru Do'o.
